

What is a PGA HOPE Card

PGA HOPE Cards can be requested from PGA REACH to give to your graduates at the conclusion of your program.

To order your cards please send an excel document to PGA REACH, with the first and last name of each Veteran who has completed the program no later than week 3 of the program.

PGA HOPE cards will be printed and sent to the Section Lead or Lead Professional who will issue those to graduates at graduation. Typically these cards provide special offers to PGA HOPE graduates (ex. discounts on greens fees/range fees, etc.). PGA HOPE cards can also be used as Veteran identification at PGA Tour events. Sample benefits packages in PGA HOPE Hub. We encourage your Section to work with local golf courses, driving range facilities, and indoor facilities to offer special discounts upon presentation of the PGA HOPE card. As PGA HOPE continues to expand across the country, our goal is to have this card to offer the same benefits nationwide.
